Re: Request for Non-Material Modification
Town of Timmons ville and City of Florence Consent Decree
Civil Action No. 4:13-cv-01522-RBH

Dear Mr. Griffin:

The U.S. Environmental Protection Agency Region 4 and the South Carolina Department of Health and Environmental Control (SCDHEC) have reviewed the subject request that was submitted by the City of Florence (the City) on May 9, 2016, concerning the approved Safe Drinking Water Act Corrective Action Plan.

The EPA and SCDHEC require supporting information that was missing from the City's request, so the request can be appropriately evaluated. Please supply the following:

1. A scope of work for the new Church Street elevated tank, including interim milestones and support that permits are obtained.
2. Explanation of why the need to replace the tank wasn't evident during the initial review leading to the Corrective Action Plan.
3. A scope of work for the new off-site well, including interim milestones and support that permits are obtained.
4. Supporting information that funding is in place for the increased expenses of the new tank, new well, and water system upgrade, and that full funding isn't entirely contingent upon a CDBG award.

If you have any questions, then please contact Mr. David Phillips at (404) 562-9773 or via email at: phillips.david@epa.gov.

Sincerely,
